The Recipient shall give appropriate credit to the GDN and 3ie when publishing, disseminating or otherwise disclosing such Project findings.

25. All articles published by the Recipient or its employees shall contain the following notice in a conspicuous place: “Research discussed in this publication has been funded by the International Initiative for Impact Evaluation, Inc. (3ie) through the Global Development Network (GDN). The views expressed in this article are not necessarily those of 3ie or its members, or of GDN.”

26. The Recipient and GDN shall respect the confidentiality of information expressly provided by each of them as “confidential”, “restricted”, or “in confidence” and identified as such in writing. The Recipient and GDN shall not disclose such information to any third party without first obtaining the written consent of the other party. GDN and the Recipient recognise, however, that either of them may be required by law or government regulation to disclose such information and, therefore, the confidentiality of information cannot be guaranteed.

Compliance with laws

27. The Recipient shall comply with all applicable laws in connection with the performance of its activities under the Project, including but not limited to all applicable rules, policies, and procedures governing the use of human subjects in research and privacy. In particular, the Recipient shall take all necessary steps to ensure that any data confidentiality and data protection requirements under the Recipient’s national laws and the laws in the country where the research is sited are complied with.

28. The Recipient may not earmark or use any portion of the Grant funds to attempt to influence, directly or indirectly, any proposed or pending legislation, except insofar such activities relate to the dissemination of findings from this Project, nor to participate or intervene in any political campaign on behalf of or in opposition to any
candidate for public office, or to induce or encourage violations of law or public policy. Further, Recipient will not distribute any of the Grant funds to any private individual or organization, except to the extent that such payments represent payment of reasonable compensation for services rendered to fulfill the Grant’s purposes or as payment representing the fair market value of property purchased to fulfill the Grant’s purposes. Notwithstanding the immediately preceding sentence, no portion of the Grant funds may be used or designated as compensation or other consideration for fundraising. The Recipient will use reasonable efforts to ensure that Grant funds are used in compliance with all applicable national anti-terrorist financing and asset control laws, regulations, rules, and executive orders.

Relationship between the Parties

29. Both parties agree that the Recipient is an independent contractor and shall be responsible for carrying out the Project.

30. The Recipient shall be responsible for all Project management, monitoring, accounting and reporting on the Project.

31. Both parties agree that this Agreement shall not be construed as creating a legal partnership, or relationship of employer and employee, or principal and agent, between or among the parties.

32. The Recipient shall in no circumstances, during or after the term of this Agreement, make any commitments on behalf of GDN or 3ie relating to any funding or commitments under this Project or any other project.

The Recipient shall not use the logo, logo design, branding or name of GDN or 3ie or the names of their employees in any advertisement or promotional publicity with reference to this Agreement or any product or service resulting from this Agreement, without the prior written approval of the GDN-3ie Programme, as the case may be. GDN shall not use the logo, logo design, branding or name of the Recipient or any of its employees in any advertisement, or promotional publicity with reference to this Agreement or any product or service resulting from this Agreement, without the prior written consent of the Recipient.

34. The fact that GDN has entered into this Agreement, on behalf of 3ie, shall not be used by the Recipient as any form of endorsement by GDN or 3ie of the Recipient or any of its employees, agents or subcontractors. The parties acknowledge that 3ie is a third party beneficiary of this Agreement.
Variation

35. The terms of this Agreement, including the purpose of the Project and payments hereunder may be modified, limited, extended or terminated by agreement of the parties. The party claiming inability to perform its obligations for this reason shall immediately give written notice to the other. However, this provision does not in any way limit or reduce the obligations of the Recipient under paragraph 19 of this Agreement.

Settlement of Disputes

37. Both parties shall make every effort to resolve amicably by informal negotiation any disagreement or dispute arising between them under or in connection with this Agreement. In doing so, the parties shall be guided primarily by the specific terms of this Agreement, their common interest in promoting the research funded by the Grant, and act in good faith in a spirit of goodwill, partnership and cooperation.

38. In the event of any dispute arising under the grant agreement, which the parties are unable to resolve by mutual agreement or mediation, either party may pursue any right or remedy which it may have at law or in equity in any court of competent jurisdiction.

39. Where, in the reasonable opinion of a party, the other party has breached any material provision of this Agreement and the alleged breach is not remedied to the reasonable satisfaction of the party alleging such breach within thirty (30) days after the other party’s receipt of written notice of such alleged breach, then the party alleging such breach may terminate this Agreement, with such termination to be effective immediately upon receipt of written notice of termination by the other party. Any termination by GDN pursuant to this Section shall be made with the prior agreement of GDN-3ie programme staff.

40. Either Party may at any time terminate this Agreement, by giving notice to the other Party, if the other party becomes bankrupt or otherwise insolvent. Termination will be effective immediately upon receipt of the notice of termination.
41. Any funds remaining unspent at the completion or termination of the Project shall be returned to GDN within 60 days of the completion or termination of the Project.

42. At any time after such termination or modification, GDN-3ie may, in its sole discretion, terminate any payments scheduled to be paid under the payment schedule set forth in paragraph 7 of this Agreement.
