Peer-learning workshop

Experienced trainers and mentors from the Africa Evidence Network, CLEAR-AA and 3ie/Uganda Management Institute will share tips and experiences on how they have changed and improved providing or receiving capacity development in our workplaces. They promote discussion about how to avoid common problems and about ways to move beyond workshop-only approaches that include adult learning principles. Their talk show-style introduction will include efforts to harmonise evaluation training and education. Participants will share their experiences and challenges they are facing and get feedback from colleagues. This session is open to all types of conference attendees. It will run as an interactive peer sharing and learning session with participants.

Workshop registration closes at 06:00 AM (SAST), 8 March. Please [sign up](#) as soon as possible!

Please note: The old title for this session is Adult learning: what does it mean and how can you integrate it in your capacity development approaches.
